CONTENTS

List of Figures	xvii
Preface to the Fourth Edition	xix
Acknowledgments	xxi
Introduction: The Aims and Organization of This Guide	1
I. Three Tasks: Gathering, Focusing, and Analyzing Data	1
II. Features and Aspects of Fieldstudies	2
A. Gathering Data: Researcher as Witness and Instrument	3
B. Focusing Data: Social Science Guidance	4
C. Analyzing Data: Emergence	4
III. Audiences	5
IV. Yet More Labels for Fieldstudies	5
PART ONE GATHERING DATA	7
Chapter 1. Starting Where You Are	9
I. Personal Experience and Biography	9
II. Intellectual Curiosity	12
III. Tradition and Justification	13
Chapter 2. Evaluating Data Sites	15
I. The Overall Goal	15
II. Participant Observation and Intensive Interviewing	17
III. Detailed Assessment of Data Sites	18
A. Evaluating for Appropriateness	18
B. Evaluating for Access	21
1. Investigator Relationship to Setting	22
2. Ascriptive Categories of Researcher and Researched	23
3. Difficult Settings	25
C. Evaluating for Physical and Emotional Risks	27
D. Evaluating for Ethics	28
E. Evaluating for Personal Consequences	30
IV. A Concluding Word of Caution	32

Chapter 3. Getting In	33
I. Types of Settings	34
II. The Unknown Investigator	35
A. Public and Quasi-Public Settings	36
B. Private and Quasi-Private Settings	37
III. The Known Investigator	40
A. The “Insider” Participant Researcher Role	41
B. The “Outsider” Participant Researcher Role	41
1. Connections	41
2. Accounts	43
a. Content	43
b. Timing	45
c. Form	45
d. Audience/Targets	46
3. Knowledge	46
4. Courtesy	47
IV. Political, Legal, and Bureaucratic Barriers	47
V. The Question of Confidentiality	51
Chapter 4. Getting Along	54
I. Getting Along with Self: Emotional and Physical Challenges	54
A. Information Overload	55
B. Deception and the Fear of Disclosure	56
C. Distance and Surrender	57
1. Loathing	58
2. Marginalization	59
3. Sympathy	61
4. Identification	62
D. Physical Dangers	63
E. Dealing with the Challenges	65
II. Getting Along with Members: The Problems of Developing and Maintaining Field Relations	66
A. Strategies to Facilitate the Development and Maintenance of Field Relations	67
1. Presentational Strategies	68
a. Nonthreatening Demeanor	68
b. Acceptable Incompetence	69
c. Selective Competence	70
2. Exchange Strategies	71

B. Strategies to Control Relational Closeness	72
1. Preempting	73
2. Finessing	74
3. Declining and Withdrawing	75
III. Getting Along While Getting Out	75
IV. Getting Along with Claimants and Conscience: Ongoing Ethical Concerns	78
V. Postscript: Personal Accounts of the Field Experience	79
 Chapter 5. Logging Data	 81
I. Data: Fact or Fiction?	82
II. The Logging Task	84
A. Data Sources	85
1. Direct Experience	85
2. Social Action	85
3. Talk	87
4. Supplementary Data	88
a. Archival Records	89
b. Physical Traces	89
c. Photographic Data	90
B. Problems of Error and Bias	90
1. Types of Error and Bias	91
a. Reactive Effects	91
b. Perceptual and Interpretive Distortions	91
c. Sampling Errors	91
2. Measures to Control Error and Bias	91
a. Sampling Strategies	91
b. Team Research	93
c. Strategic Selection of Informants	93
d. Member Checking	94
C. The Mechanics of Logging	95
D. Protecting Confidentiality	98
III. Data Logging in Intensive Interviewing: Guides and Write-Ups	99
A. Preparing the Interview Guide	99
1. Puzzlements and Jottings	99
2. Global Sorting and Ordering	100
3. Section Sorting and Ordering	101
4. Probes	102
5. Facsheets and Fieldnotes	103

B. Doing the Interview	104
1. Introduction	104
2. Flexible Format	105
3. Ineffective Questions	105
4. Attending, Thinking, Taking Notes, Taping	106
5. Separate Forms	107
C. Writing Up the Interview	107
IV. Data Logging in Observation: Fieldnotes	108
A. Mental Notes	109
B. Jotted Notes	109
C. Full Fieldnotes	110
1. Mechanics	110
2. Contents	112
a. Be Concrete	112
b. Distinguish Notationally Among Member Comments	113
c. Record Recalled Information	113
d. Include Analytic Ideas and Hunches	113
e. Record Personal Impressions and Feelings	114
f. Reminders	115
3. Style	115
V. Interview Write-Ups and Fieldnotes as Compulsion	116

PART TWO FOCUSING DATA 119

Chapter 6. Thinking Topics	121
I. Units and Aspects Combine into Topics	121
II. Units	122
A. Practices	123
B. Episodes	124
C. Encounters	124
D. Roles and Social Types	125
1. Roles	125
2. Social Types	126
E. Social and Personal Relationships	126
F. Groups and Cliques	127
G. Organizations	128
H. Settlements and Habitats	129
I. Subcultures and Lifestyles	131

III. Aspects and Topics	132
A. Cognitive Aspects or Meanings	132
1. Ideologies (and Kindred Concepts) as Meanings	133
2. Rules as Meanings	134
3. Self-Concepts and Identities as Meanings	135
B. Emotional Aspects or Feelings	136
1. Emotion and Practices, Episodes, and Encounters	136
2. Emotion and Roles	137
3. Emotion and Organizations	138
C. Hierarchical Aspects or Inequalities	139
1. Hierarchy in Encounters	139
2. Hierarchy in Roles and Relationships	140
3. Hierarchy in Groups	141
IV. Two or More Units or Aspects as Topics	141
V. Units, Aspects, and Topics Form a Mind-Set for Coding	143
Chapter 7. Asking Questions	144
I. What Are the Topic's Types?	145
A. Single Types	146
B. Multiple Types and Taxonomies	146
C. Typologizing	148
D. Sources and Rules of Typing and Typologizing	149
II. What Are the Topic's Frequencies?	149
III. What Are the Topic's Magnitudes?	151
IV. What Are the Topic's Structures?	151
V. What Are the Topic's Processes?	152
A. Cycles	152
B. Spirals	153
C. Sequences	154
1. Tracing Back	154
2. Tracing Forward	155
3. Turning Points	155
VI. What Are the Topic's Causes?	156
A. Requirements of Causal Explanation	157
B. Selected Models of Causal Explanation	157
1. Experimental Model	157
2. Statistical Model	158
3. Contextual Model	158

4. Case Comparative Model	158
5. Step/Process Model	158
6. Negative Case Model	158
C. Clarifying the Relationship Between Qualitative Field Research and Causal Explanation	158
VII. What Are the Topic's Consequences?	162
A. Foreground Issues in Examining Consequences	163
1. Requirements of Inferring Consequences	163
2. Consequences for Whom or for What?	163
3. Intentional and Unintentional Consequences	163
B. Examples of the Qualitative Study of Consequences	164
VIII. Where and What Is Agency?	165
A. Passivist Versus Agentic Conceptions	165
B. Agentic Questions	166
Chapter 8. Arousing Interest	168
I. Social Science Framing	169
A. Trueness	169
1. Theoretical Candor	170
2. The Ethnographer's Path	170
3. Fieldnote and Interview Transcript Evidence	170
B. Newness	171
1. Relating to Existing Work	171
2. First Report	172
3. Unusual Setting	172
4. New Analytic Focus and Perspective	173
C. Importance	174
1. Questioning Mind-Set	174
2. Propositional Framing	175
3. Generic Concepts	177
a. Using Existing Social Science Conceptions	177
b. Discerning New Forms	178
c. Using Metaphors	179
d. Using Irony	180
4. Developed Treatment	180
a. Conceptual Elaboration	181
b. Balance	183
c. Interpenetration	184
5. Resonating Content	185

II.	Social Science Value Commitments	187
A.	Demystification	187
B.	Holistic Dispassionate Understanding	188
III.	Other Framings	189
A.	Technocratic/Social Engineering Frame	190
B.	Liberation Frame	190
C.	Muckraking Frame	191
D.	Expressive Voicing	191
 PART THREE ANALYZING DATA		 193
Chapter 9.	Developing Analysis	195
I.	Strategy One: Social Science Framing	197
A.	Eight Forms of Propositions	197
B.	A Third Way to Contrast Propositional with Other Writing	197
C.	Number of Propositions in a Single Fieldstudy	198
II.	Strategy Two: Normalizing and Managing Anxiety	198
III.	Strategy Three: Coding	200
A.	Two Physical Methods of Coding	203
1.	Filing	203
2.	Computer Databasing	203
B.	Types of Coding Files	204
1.	Folk/Setting-Specific Files	205
2.	Analytic Files	206
3.	Methodological/Fieldwork Files	208
C.	Maintaining a Chronological Record	209
IV.	Strategy Four: Memoing	209
V.	Strategy Five: Diagramming	212
A.	Taxonomies	212
B.	Matrices and Typologies	214
C.	Concept Charts	215
D.	Flow Charts	216
VI.	Strategy Six: Thinking Flexibly	217
 Chapter 10. Writing Analysis		 220
I.	Preliminary Considerations	221
A.	Understanding the Social Psychological Dimensions of the Writing Process	221
B.	Plan Your Writing Time and Place	223

II. Writing Practices	224
A. Start Writing	224
B. Write on Any Project Aspect, But Write	225
C. Admit Aversion and Write Regularly Anyway	226
D. Trust in Discovery and Surprise in Writing	228
E. Do Not Seek Perfection or the One Right Way	229
F. Divide and Conquer	230
G. Draw on Standard Literary Organizing Devices	231
H. Find Your Own Working Style	233
I. Reread and Revise	233
J. Seek Feedback	235
K. Constrain Your Ego and Related Attachments	236
L. Let It Go	237
III. Concluding Observations	238
A. The Fieldstudies Approach as a System of Parts	239
B. The Similarity of All Scholarship	239
References	241
Index	273
