Chaos and Its Influence on Children’s Development
An Ecological Perspective

Edited by
Gary W. Evans and Theodore D. Wachs

American Psychological Association
Washington, DC
Contents

Contributors ................................................................. xiii
Foreword ..................................................................... xv
Preface ....................................................................... xvii

Part I. Foundations ....................................................... 1
1. Chaos in Context ......................................................... 3
   Theodore D. Wachs and Gary W. Evans
2. Chaos and the Diverging Fortunes of American Children:
   A Historical Perspective ........................................... 15
   Daniel T. Lichter and Elaine Wethington

Part II. Chaos at the Microsystem Level ......................... 33
3. Physical and Psychosocial Turmoil in the Home and
   Cognitive Development ............................................ 35
   Brian P. Ackerman and Eleanor D. Brown
4. The Dynamics of Family Chaos and Its Relation to
   Children’s Socioemotional Well-Being ....................... 49
   Barbara H. Fiese and Marcia A. Winter
5. Child-Care Chaos and Child Development .................... 67
   Feyza Corapci
   Lorraine E. Maxwell
7. Viewing Microsystem Chaos Through a Bronfenbrenner
   Bioecological Lens ................................................ 97
   Theodore D. Wachs
8. The Role of Temporal and Spatial Instability in
   Child Development .................................................. 113
   Clyde Hertzman

Part III. Chaos at the Mesosystem Level ......................... 133
9. From Home to Day Care: Chaos in the Family/Child-Care
   Mesosystem .......................................................... 135
   Robert H. Bradley
CONTENTS

10. Disorder, Turbulence, and Resources in Children's Homes and Neighborhoods
    
    Jeanne Brooks-Gunn, Anna D. Johnson, and Tama Leventhal

    Part IV. Chaos at the Exosystem Level

    11. Neighborhood Chaos and Children's Development: Questions and Contradictions
        
        James R. Dunn, Nicole J. Schaefer-McDaniel, and Jason T. Ramsay

    12. Parent Employment and Chaos in the Family
        
        Rena Repetti and Shu-wen Wang

    Part V. Chaos at the Macrosystem Level

    13. Well-Being, Chaos, and Culture: Sustaining a Meaningful Daily Routine
        
        Thomas S. Weisner

    14. Chaos and the Macrossetting: The Role of Poverty and Socioeconomic Status
        
        Gary W. Evans, John Eckenrode, and Lyscha A. Marcynyszyn

        
        Stuart L. Lustig

    Part VI. Conclusions

    16. Dynamic Developmental Systems: Chaos and Order
        
        Arnold Sameroff
