    Curt P. Richter
    Psychobiological Laboratory, Phipps Psychiatric Clinic, Johns Hopkins Hospital, Baltimore, Maryland

17. Connective Inhibitions during Thought Processes 203
    David Katz
    University of Stockholm, Sweden
    (Paper read by Leota J. Janke, The University of Chicago)
IV. Reviews Integrating Current Experimental Approaches

18. Central Nervous Mechanisms for the Expression of Anger in Animals
   Philip Bard
   Department of Physiology, School of Medicine
   The Johns Hopkins University
   211

19. Emotions and the Electroencephalogram
   Donald B. Lindsley
   Professor of Psychology and Biology, Northwestern University
   238

20. A New Frontier: Neurophysiological Effects of Emotion on the Brain
   Chester W. Darrow
   Psychophysiological Laboratory, Institute for Juvenile Research, Chicago
   247

21. The Experimental Study of Unconscious Processes
   James G. Miller
   Chairman, Department of Psychology, The University of Chicago
   261

22. Some Implications of Physiological Individuality
   Roger J. Williams
   Director, Biochemical Institute, University of Texas
   268

V. Emotion and Psychosomatics

23. Physiological Manifestations of Chronic Emotional States
   Nathal W. Shock
   Section on Cardiovascular Diseases and Gerontology, National Institutes of Health, Bethesda, Maryland, and the Baltimore City Hospitals
   Baltimore, Maryland
   277

24. Life Situations, Emotions, and Bodily Disease
   Harold G. Wolff
   Associate Professor of Neurology and Psychiatry, Cornell University Medical College
   (Paper read by William F. Soskin, The University of Chicago)
   284

VI. Emotions in the Study of Personality Dynamics and Clinical Psychology

25. Norms and the Individual in the Psychologist's Perspective
   Saul Rosenzweig
   Western State Psychiatric Institute and Clinic, Pittsburgh, Pennsylvania
   327

26. The Use of Clinical Diagnostic Techniques in Research with Normals
   Anne Roe
   Research Psychologist, U.S. Public Health Service
   336
CONTENTS

27. Intimacy and Shame in the Dynamic Structure of Personality . 343
Josef Nuttin
University of Louvain, Belgium

28. Guilt Feelings—Their Function and Dysfunction . . . . 353
R. L. Jenkins
